

That's My Brick Fundraising Campaign

As part of Library Expansion Project, the Foundation is offering a special way to honor or memorialize family members, friends, veterans, classmates and businesses at the library. The "That's My Brick Campaign" allows individuals and businesses to purchase bricks engraved with the name of the honored person, group or business. The bricks will be prominently displayed in the Internet Garden near the main entrance to the library.

Cost is \$100 per brick.
